

How would you like to be right in the middle of a strike? Strikes, spares, and splits, hooks, curves and straight balls—all the action of real bowling...

A Great Street Location Piece!

How To Play

- Move lever LEFT or RIGHT to position bowler
- Move lever UP or DOWN to curve or hook the ball
- Watch SPEED METER on left
- Push red button to BOWL

Unique Top-Down View Ensures Player Involvement

The player lines up the bowler, selects the speed and direction of the ball, then throws the ball down the alley towards the pins.

Just before the ball strikes the pins, the screen switches to a top-down view allowing the player to see the ball crashing thru the pins in a three-dimensional effect.
